

CSR

(Corporate Social Responsibility)

MC conducts CSR initiatives in line with three overarching themes: "Realizing an Inclusive Society," "Empowering the Next Generation" and "Conserving the Environment." In addition, MC provides support for regions affected by natural disasters, including recovery efforts for the Great East Japan Earthquake. Our employees continue to actively participate in long-running programs that focus on contributing to the communities in which we operate on a global basis.

MC's commitment to contributing to building prosperous, sustainable societies in the places where we operate worldwide is deeply embedded in our corporate culture based on our corporate philosophy, the Three Corporate Principles. MC established an office to oversee social and environmental affairs in 1973 in recognition that, as good corporate citizens, companies should actively pursue initiatives to contribute to society, and that the expense of those activities should be borne as part of the social cost of doing business before reaping any profits. Since then, MC has created and promoted numerous self-driven CSR initiatives with the aim of bettering our global society.

For more information on MC's CSR initiatives, please visit our website.

1. Realizing an Inclusive Society

MC aims to help realize a society where everyone can play an active role. We are continuing our activities to contribute toward a world where everyone can respect each other and coexist regardless of background, physical condition or way of life.
